

Quality Control Associate

Would you love to be a part of a multi national, multi lingual team, delivering first class service to our many and expanding customers? Are you interested in working in world class scientific services? Are you looking for a new role that gives you something new to do every day?

This may be just the job for you...

Here at Lonza we have an exciting opening for a Quality Control Associate to join us on site in Geleen on a full time, Fixed Term basis.

The QC Associate is responsible for planning and execution of daily quality tests and control activities while ensuring compliance with all existing GMP and safety standards in the area of responsibility.

Delivery of services in this role will include, but not be limited to:

- Plan and execute quality tests and control activities (e.g. QC and release incoming goods, QC of IPC and final product, QC sample and results management) including documentation.
- Monitor stock levels inclusive of forms within quality laboratory.
- Write and review documentation (e.g. SOP's, Quality Instructions, protocols) related to quality control activities.
- Contribute to QRB, EM excursion reports and investigations.
- Backup to Senior QC associate.

The QC Associate executes tests according to internal GMP procedures, manufacturing areas, incoming materials and utility supplies and products are all released and approved for use, based on QC test results as generated by the QC Associate. Therefore the position requires a very precise and responsible working attitude.

You should have the following experience/knowledge:

- Intermediate or higher vocational education in chemistry/biotechnology.
- Experience with GMP and basic microbiological techniques (gram stain, sterility), e.g. RT-qPCR, ELISA and endotoxin testing.
- Good communication skills in English.
- Accuracy, tidiness, self-organized, flexible, attention to detail, team player.

If you're a proactive, enthusiastic and organised person who'd like to hear more about this fantastic role, get in touch. Stewart.harvey@lonza.com
