

Senior Biotech Associate

Would you love to be a part of a multi national, multi lingual team, delivering first class service to our many and expanding customers? Are you interested in working in world class scientific services? Are you looking for a new role that gives you something new to do every day?

This may be just the job for you...

Here at Lonza we have an exciting opening for a Senior Biotech Associate to join us on site in Geleen on a full time, permanent basis.

The Senior Biotech Associate is responsible for manufacturing (cell- and tissue culturing) of cell therapy products in accordance with GMP regulations.

Delivery of services in this role will include, but not be limited to:

- Carrying out all tissue culture activities for cell therapy, from starting material to final product, according to relevant procedures.
- Carrying out associated duties e.g. required cleaning of production areas, assisting in (re)qualification of equipment, and logistic activities.
- Reporting and reviewing of all required process steps in approved batch records.
- Involved in planning activities in cooperation with the Teamleader CTM.
- Notification of supervisor of all observed deviations in a timely manner.
- Initiation and follow up of deviations, CAPA's and Changes.
- Generating and revising of manufacturing procedures in accordance to GMP regulations.
- Provide guidance to Biotech Associates.
- Back up for Teamleader CTM.
- Suggesting training and qualification and process improvements.

This position involves judgement of batch related documents, therefore the position requires a very precise and responsible working attitude.

You should have the following experience/knowledge:

- Higher vocational education or BSc in biochemistry/biotechnology with at least two years' experience in a comparable field.
- Experience with cell- or tissue culturing is required.
- General laboratory – and documentation experience is recommended.
- GMP training and Quality awareness is required.
- Good communication skills in English.
- Accuracy, tidiness, well organized, problem solving, trouble shooting, result driven, attention to detail, flexibility.

If you're a proactive, enthusiastic and organised person who'd like to hear more about this fantastic role, get in touch. Stewart.harvey@lonza.com
